PROTECT WHAT MATTERS MOST

HOW TO MAKE THE RIGHT CHOICES

At Classic, we have a proven process to help you build your dream barn. By fully understanding your unique environment, we ensure your stalls will safely serve the needs of your horses, fit the design of your barn, and match your personal style.

DESIGN FOR YOUR HORSES

- ❓ What personality types are your horses?
- ❓ Is your barn for public boarding or private? Is it a breeding barn?
- ❓ Do you have specific safety concerns or distinct needs?

CUSTOMIZE FOR YOUR BUILDING

- ❓ What type of building – clear span or post and beam?
Do you have a poured concrete foundation?
- ❓ What are the dimensions of your barn, stalls, and aisle width?
- ❓ Do you need exterior doors and windows?
Opening left or right?

ALIGN WITH YOUR PREFERENCES

- ❓ Do you have a particular style in mind or any custom needs?
- ❓ Do you want the stall door to open left or right?
- ❓ How do you plan to feed and water your horses?

CONNECT WITH A DESIGN CONSULTANT

Whether you're remodeling an existing barn or building new, our design team can help bring your dream barn to life.

HINGED-DOOR STALL SYSTEMS

Unsurpassed safety with distinct European styling and details

European Series full-frame hinged-door stall systems provide unsurpassed safety while enabling an open, relaxed, and well-ventilated environment for your horses. European design provides optimum visibility of horse and stall. Engineered for both style and durability, Classic custom-sized stabling systems include stall fronts, doors, partitions, plus a wide range of optional features, including adjustable stainless-steel hinges or heavy-duty barrel hinges. Horse-proof plunger latches ensure safe operation.

Easy to open from inside or out, but impossible for horses

Heavy-duty barrel hinges keep stall gates operating smoothly

Adjustable stainless-steel hinges ensure door alignment

FEATURES

- ✓ **Elegant and efficient hinged-door**
Smooth operation with heavy-duty barrel hinges or adjustable stainless-steel hinges
- ✓ **Secure plunger-style gate latch**
The safest in the industry, horses will not get snagged and they cannot open
- ✓ **Optimized for safety**
Narrow spacing between 1" steel bars prevent hooves from getting caught
- ✓ **Exquisitely handcrafted**
30+ years perfecting our engineering and fabrication processes
- ✓ **No rough or sharp edges**
Smooth surfaces at all touchpoints protect your equine family
- ✓ **Superior corrosion resistance**
US-made heavy-duty 14-gauge galvanized steel
- ✓ **5-year structural warranty**
Classic stalls are engineered and fully-welded to stand the test of time
- ✓ **Infinite design options**
Personalize your dream barn with stalls that serve your equestrian lifestyle

STYLES

Classic stalls are designed and engineered to fit your barn and your equestrian lifestyle. Our sales and design consultants can help you define and design your dream barn. Detailed engineering drawings ensure your every need is met. Hinged-doors can be tall or low-rise, and customized with grill, mesh, wood fill, and yoke options.

OPTIONS

Personalize your dream barn with aesthetics and accessories that enhance the safety of daily barn activities. Pre-galvanized steel with state-of-the-art powder coating provides superior rust protection. Durable fill options add visual appeal and strength.

COLORS

Select from 11 standard colors or request a custom color to match your barn. We use super durable, UV stabilized TGIC polyester powder coating that is non-toxic to both horses and humans. Zinc primer or hot-dip galvanization also available.

Enduring safety – Classic provides maximum rust prevention

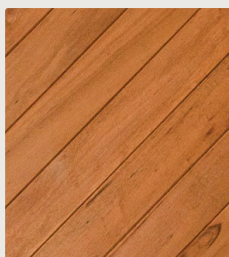

Black	Sandstone
Black Fine Texture	Camel
Patrician Bronze	Mohave Brown
Hunter Green	Brick Red
Slate Grey	Bone White
Light Grey	Match color of your choice

FILL OPTIONS

Classic offers a range of tongue-and-groove fill options for horse stalls that provide structural and aesthetic benefits. While no product exists that we can say is completely “horse proof”, we offer you solid choices to keep your horses safe.

Southern Yellow Pine
Premium Grade
2" x 8"

Brazilian Hardwood
Naturally Durable
1" x 6"

Optional Venting
Ventilation
Available on hardwood fill only

High-Density Polyethylene (HDPE)
2" x 6"
See website for color options

FEEDING OPTIONS

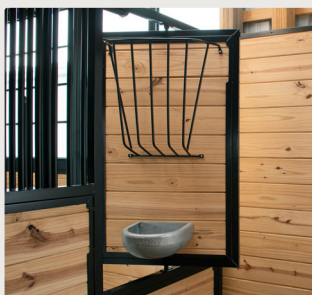

How you feed your horse is a matter of preference. Classic Equine Equipment can accommodate your preferences with a range of structural modifications, easy-access solutions, and accessories that combine safety with style.

Standard Feed Hole

Swivel Grain Feeder

Swivel Hay and Grain Feeder

Tilt-Out Hay Feeder

Grilled Feed Door

UNSURPASSED SAFETY FOR HORSES AND PEOPLE

EUROPEAN SERIES

Hinged-door stalls provide unsurpassed safety with distinct European styling and details. The open designs are optimized for both visibility and ventilation. Ideal for barns with wider aisles, hinged doors open wide for maximum accessibility.

LEGEND SERIES

Sliding-door stalls do not swing outward into the aisle and are ideal for busy facilities where multiple horses are frequently coming and going. The space-saving design also makes them a great choice if you have a narrow aisle in your barn.

COMPONENT KITS

Classic offers all the safety, quality, and craftsmanship found in our full-frame stall-front series in do-it-yourself stall component solutions. Choose from sliding-door Integrity stall components or hinged-door stall components.

HORSE STALL FLOORING

Durable solutions for stalls, aisles, walkways, grooming stall flooring, or anywhere you need a safe surface for you and your horse. In addition to safety, rubber pavers add a decorative flair to your dream barn.

BARN DOORS AND WINDOWS

Our steel-framed doors and windows are built to the same high standards as our award-winning stalls and doors. The hinges and sliding-door track hardware we use ensure safe and consistent operation.

HORSE BARN ACCESSORIES

Complete your dream barn with stabling accessories, including wash bay components, barn fans, lighting, waterer and feeding options, tack room organizers and storage solutions, and pasture gates.
